Exchange of Words

At the Committee Meet-
ing Friday Night.

Two Perkins School
Teachers Testified.

Dr. F. C. Reed Defends the
Superintendent.

Report Will Not be Ready Next
Tuesday Night.

The special committee of the Board
of Education continues its investi-
gation into the affairs of the public
schools.

Friday night the witnesses exam-
ined were J. Asa Palmer, S. Emer-
son Findley, a teacher in the High
school, Samuel Findley, former clerk
of the Board of Education, Miss
Adelaide M. McCague and Miss
Mabel Brookman, both teachers in
the Henry school.

Prof. R. S. Thomas and Dr. F. C.
Reed, his warmest supporter, cross-
examined witnesses. At times ani-
mated words were exchanged. Some
of the testimony it is said was dam-
aging to Prof. R. S. Thomas.

There is hardly any doubt but that
a majority and a minority report will
be made when the investigation is
finished. The result may be that
the board will vote to have all the
testimony read before any action is
taken.

The exclusive report in Friday's
DEMOCRAT that damage cases were
likely to be instituted against those
who gave testimony has created an
abundance of gossip. It has since
been reported that Prof. Thomas has
said he had \$5,000 to spend in the
matter.

Chas. B. Raymond, chairman of
the Investigating Committee, says
the findings will not be ready by the
meeting of the Board Tuesday
next. Mr. Raymond said today:

"We are now ready to receive from
any citizen or interested person a
brief written statement of any fact
touching the conduct of our public
schools, which they deem it proper
for the committee to investigate. It
is requested that if charges be pre-
ferred that witness be named to sub-
stantiate them and that the com-
munication be filed at the earliest
possible moment with any member
of the committee."

Dr. Bull's Cough Syrup is a great
medicine of intrinsic worth. It re-
moves a cough or cold quickly and
cures severe throat and lung affec-
tions in an astonishingly short time.
Sold by all druggists for only 25c.

Commencement.

The commencement exercises of
the Barborton high school were held
at the United Brethren Church in
that village, Friday evening. There
were seven graduates.

Does your heart send good or bad
blood to your brain? If bad, im-
pure blood, then your brain aches.
You are troubled with drowsiness,

have no nerve power. Your food
does you but little good.
Simulants, tonics, headache pow-
ders cannot cure you; but

will. It removes all impurities from
the blood. And it makes the blood
rich in its life-giving properties.

REMOVED

The Distributing Office to This City.

Springfield Rubber Tire Wheel Com-
pany a Local Concern.

The Rubber Tire Wheel Co., formerly
of Springfield, O., with head-
quarters now in New York city, have
located a branch office in Akron.
The managers of the branch is J. W.
Scott, with offices at 94 South High
street.

The object of this branch is to order
and furnish materials to the numer-
ous branches of the company located
throughout the United States and
foreign countries.

"Akron was selected as the best
location," said Mr. Scott, "being near
the local rubber companies, which
supply the necessary tires with
which to carry on the business."
The building formerly used by
Smith Bros. has been purchased by
the company. This will be used as a
distributing office. Arrangements
are being made to place tires on
wheels in this city instead of at
Springfield as heretofore.

Fireworks, dance, Randolph tonight.

THEATERS

Will Not Be Re-Opened on Sunday--
Suits Dismissed.

The attorneys for the Akron Traction
& Electric company assured the
Evangelical Alliance this morning
that the Sunday theatre at Lakeside
will not be re-opened and the suit in
Squire Hoffman's court against the
company was dismissed. Menches
Bros., proprietors of Summit Lake
park, assured the Alliance also that
their theatre would not be re-opened
on Sunday and the prosecution
against them in Squire Coleman's
court will be dismissed.

No effort will be made to interfere
with the sacred concerts or the open-
ing of the parks on Sunday.

Revs. Tanner and Willard, repre-
senting the Alliance, are very well
pleased with the settlement of the
cases.

Miner Killed.

Frederick Gurin, a miner employed
at the Fox Lake coal shaft, was
fatally injured Friday by a fall of
rock. He was 65 years of age. He
died at six o'clock Friday night.

Heavy Liabilities.

Isadore Holdstein of Akron has
filed a petition in bankruptcy in the
United States court. His liabilities
are \$53,266.68.

Adolph Holdstein of Akron also
has a bankruptcy petition, in which
his liabilities are given as \$53,266.68.
There are no assets.

thred Haight of Akron, was on Sat-
urday morning sent from the U. S.

HIS PAY

For Helping Hanna.

Senator Alexander's Dis-
appointment.

Denounced Hanna and
Dick as Ingrates.

Treachery In Summit County
Delegation.

Booming Col. Geo. W. Sieber For
State Senator.

Senator J. Park Alexander realizes
that he was thrown down because he
was not favorable to the schemes of
George B. Cox, of Cincinnati. He
was sacrificed by Hanna to conciliate
the Cincinnati boss.

While the roll of counties was be-
ing called for Lieutenant Governor,
and the returns were unfavorable to
the Akron man, Senator Alexander
remarked to a Republican delegate
from Summit:

"I have always been a friend to
Senator Hanna and Charley Dick
and can't understand why they are
turning me down. I guess I am get-
ting my pay for it now."

This was not all he said. The Sen-
ator unbosomed himself freely to
other friends after the convention.

Some say that he was made a can-
didate for Lieutenant Governor so
that he would be out of the fight for
the State Senatorship. One delegate
went so far as to say that if there had
been any danger of his nomination
Summit would not have supported
him. Some of the delegates even
boasted after the recent county con-
vention that they did not consider
themselves pledged to Mr. Alex-
ander.

As soon as the delegation returned
to Akron, in fact even before it left
Columbus, Col. Geo. W. Sieber was
selected as Summit's delegate to the
State Senate. To a DEMOCRAT re-
porter today he admitted that he was
a candidate. Some of his friends
will confer with Senator Alexander
and endeavor to have him withdraw.
If he does not they will desert him
for Col. Sieber anyway.

The only Summit county delegate
to vote for Daugherty on the last
ballot was A. J. Rowley. He re-
turned to Akron with the Holcomb
delegation from Cleveland. The
trip to this city was made in three
hours.

Dr. Bull's Cough Syrup is still in
the lead. The people seem to like
this old reliable cough medicine, and
we don't blame them; it is the "best
remedy for a deep seated cough or
cold and will effect a cure in one day.

REPP RELEASED.

Had No Money to Pay the Heavy
Fine.

Grover Repp, who, thirty days ago
was fined \$300 and costs, and sen-
tenced to serve thirty days in United
States court for violating the postal
laws, secured his release Friday
morning from United States Com-
missioner Williams, says the Cleve-
land Plain Dealer.

Repp secured his release through
the provisions of the poor act. He
has been confined in the county jail.
He made affidavit he had no prop-
erty, personal or real, by which he
could pay his fine, and under the
provisions of the law he was ordered
released.

TRAMP ENGINE

Has Made a Good Showing on the

Tramp engine 2427, built by the
Richmond Locomotive Co., and
which is now being tried on the local
division of the Erie road, to demon-
strate the utility and economy of the
combined "compound and" simple
engine, is making a good showing.
The engine has hauled with apparent
ease 1,500,000 pounds.

STOLE A MARCH

On Col. Lodge--Walsh, Company
Laid Its Tracks.

The grading on the Akron & Cuya-
hoga Rapid Transit Co's extension
from the C.A.&C. tracks to Randolph
Park has been completed and a force
of 60 men are now at work laying
the track.

A few days ago H. R. Lodge, pro-
prietor of Silver Lake, got out an in-
junction against Thomas F. Walsh,
president of the A.&C.F.R.T. Co., and
the C.A.&C. to restrain them from
laying tracks on property recently
bought by him, and which the local
street railway people say was pur-
chased merely to shut them out of
the extension.

Friday night a large gang of men
were put to work, and 300 feet of
the track laid over the territory not
within the injunction; and they have
also made arrangements to skip over
that part of the territory in dispute.
Very little, if any, delay was occa-
sioned by the trouble, and the exten-
sion will be completed by next Wed-
nesday evening.

The work done Friday night was
between the hours of 6:30 and 11:30
o'clock, and all by torch-light.

Sacred concert Sunday, Randolph
park, by famous Duesigne orchestra.

GRADUATES

Of Normal School.

Commencement Exercises
In Assembly Hall.

Reception Tendered to
Young Ladies.

Excellent Papers Read by the
Teachers.

Twenty-Four Members of the
Senior Class.

Interesting and cleverly performed
were the commencement exercises of
the Normal training school, held in
Assembly hall at the High school
building Friday evening. Quite a
large audience attended. The stage
was tastefully decorated with palms
and buttercups. The papers read
were on the most important topic of
the educational movement, and were
handled in a learned and forcible
manner.

The graduates are: Louie Belle
Clark, Evelyn Priscilla Cook, Bertha
Mary Hoagland, Rosetta Louise
Jennings, Ruth Leopold, Ida Jane
Matz, Lucie Bell Sutton, Sophie
Wachner.

The program began with a chorus,
the graduates being assisted by sev-
eral other young ladies. After an
Invocation by Rev. F. C. Haddock,
Miss Nettie Gladwin read a paper on
"The Educational Ideal of Today."
The paper was a plea for loftier and
more noble ambitions with the indi-
vidual.

"The Value of Professional Train-
ing to the Teacher," a paper read by
Miss Amy Youtz, called for a more
thorough training of instructors, ad-
vocated an academic course and
careful study of psychology and the
history of education.

Miss Lucie Bell Sutton, with a
cleverly prepared paper described
in an amusing manner unique char-
acteristics of "The King of Boy-
ville," who was too bashful to make
love successfully to his little sweet-
heart.

Prof. N. L. Glover delighted the
audience with a vocal solo, "The
Minstrel Boy."

"School Room Experiences," were
humorously described in a paper
read by Miss Grace Leopold, who re-
ferred to Squeers in Dickens' "Nich-
olas Nickleby" and to Ichabod
Crane, of "Sleepy Hollow," besides
relating some incidents of modern
school life.

Miss Elizabeth E. Perry, principal
of the Normal training department
of the High school, read a paper on
"Present Educational Needs," show-
ing the necessity of trained teachers
in the school room, and the better
results of their work.

Supt. R. S. Thomas' address to the
class was brief, yet filled with per-
tinent words of advice regarding the
great responsibility the graduates
would assume when they began the
training of the young mind. He
congratulated the members of the
class upon their success as students,
and predicted for each a useful and
successful career.

After a chorus, "The Daffodils,"
the diplomas were conferred to the
graduates by Charles T. Inman,
president of the Board of Education,
and the pronouncing of the benedic-
tion by Rev. F. C. Haddock con-
cluded the program.

An informal reception by the
students to their friends was held on
the stage at the conclusion of the
exercises.

The graduating exercises of the
Senior class of the High school will
be held in Assembly hall Friday
evening, June 9. The program has
not yet been prepared in detail. The
names of the class members follow:
Catherine Augie, Georgina J. Av-
erson, Sula M. Bauer, Elizabeth B.
Behan, John Beck, Minnie Carlton,

VACCINATION.

The Board of Health Will Not Order
It.

A very short session was held Fri-
day evening at the Board of Health
meeting. A communication from
the State Health Officer, requesting
that vaccination be made compulsory
in the city, was read. It was thought
by the members that this season of
the year is a very bad time to intro-
duce virus into the system, and that
owing to the schools being about to
close, such a step was not advisable.

Items from the mortality record
